# Inhoud ref. CP-RT1

## Contents ref. CP-RT1

Aantal Qty.	Ref	Omschrijving Description	Afbeelding Picture
4x	14004	Ring / Ring M6	
4x	14027	Flensmoer / Flange nut M6	
2x	140022	Beugel / Clamp Ø22	
2x	14013	Vulstuk / Spacer i.d. 8mm, H=25mm	
1x	14030	Waterpas / Bubble level	
2x	14007	Sluistring / Spacer M8	
2x	14014	Rubber / Rubber M8 Ø40 H=30mm	
2x	14017-14	Zeskantbout / Hexagon bolt M8x14	
1x	14044	Buis / Tube Ø22 L=63 cm	
2x	14056	Plaat/plate	
2x	140036	Steun/Support 10x128mm	
4x	140036-15	Schroef / Screw M4x15	
1x	140032-1	Kunststof onderplaat 27x27 cm	
1x	140033-1	Kunststof bovenplaat 290x410 cm	
4x	14016-3010	Zwart rond zelfklevend voetje rond 30mm, hoog 10mm	
4x	140655	Inbusbout / socket screw L=55	
2x	14006	Inbuschroef / Screw M8x40	

**Indien de twee gaten in de tekening hieronder niet aanwezig, dient men deze te boren.**  
**If the two holes in the drawing below are not present, they have to be drilled.**

Benodigd gereedschap  
Tools required

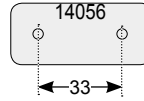

Ø 6,5 mm

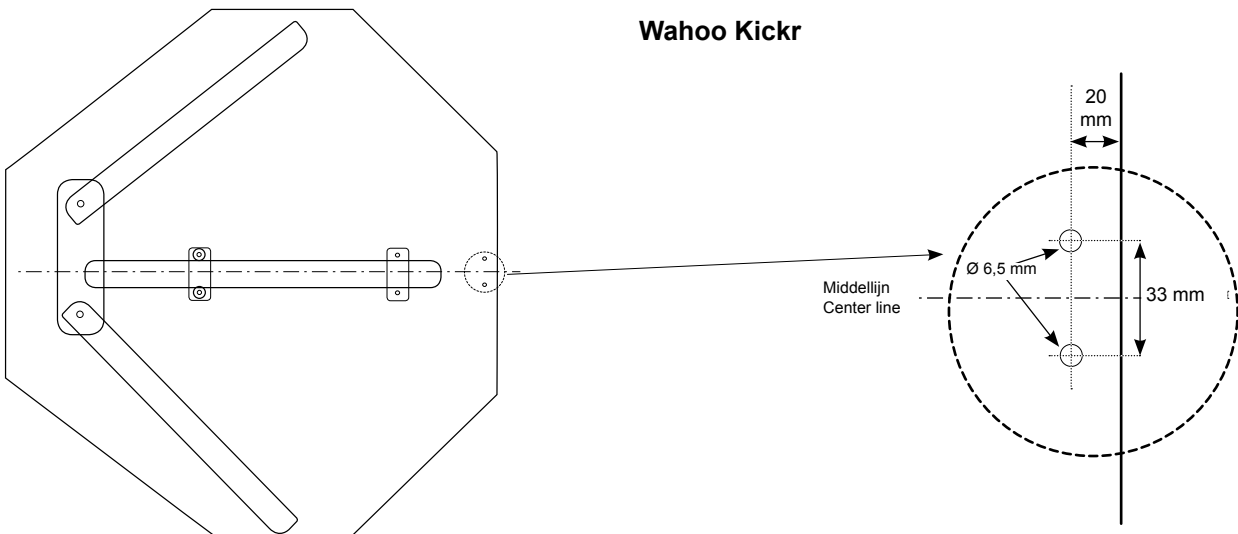

Tip:

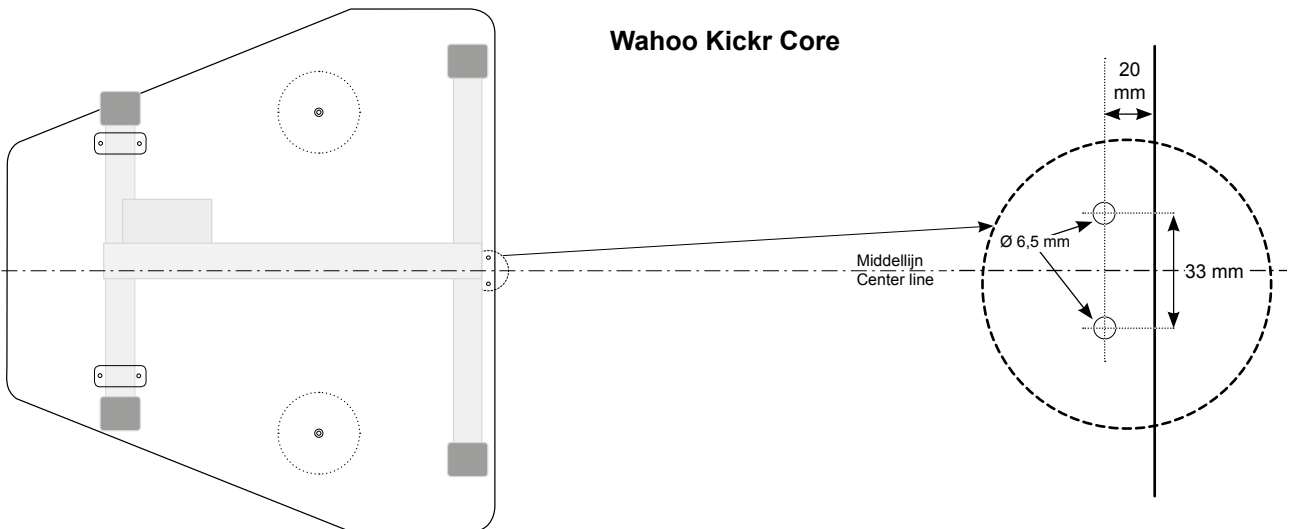

Gebruik stalen plaat ref. 14056 als boormal, zie pag. 2  
Use steel plate ref. 14056 as drilling guide, see page 2

# Montage Assembling

## Volgorde assemblage kantelafel:

- 1) Monteer de twee steunen 140036 met schroeven 143006-15 op de bovenplaat 140033-1 (bovenzijde is met twee verzonken gaten  $\text{\O} 16$  mm).
- 2) Monteer verzonken inbusbouten 14006 samen met vulstuk 14013, rubber 14014, sluitring 14007 en zeskantbout 14017-16.
- 3) Monteer beugels 140022, inbusbouten 140655, ringen 14004, metalen plaatjes 14056 en flensmoeren 14027 op de bovenplaat 140033-1, zet de moeren **NIET** volledig vast.
- 4) Plak de zelfklevende voetjes 14016-3010 op de onderzijde van de onderplaat 140032-1.
- 5) Monteer beugels 140022, inbusbouten 140655, ringen 14004, metalen plaatjes 14056 en flensmoeren 14027 op de COPLATE®, zet de moeren **NIET** volledig vast.
- 6) Plaats de buis 14044 in de beugels 140022.
- 7) Positioneer de kantelafel, zie stap 3 op pag. 5.
- 8) Volg de montageschappen 1 t/m 4 op pag. 5 en zet alle inbusbouten 140655 volledig vast

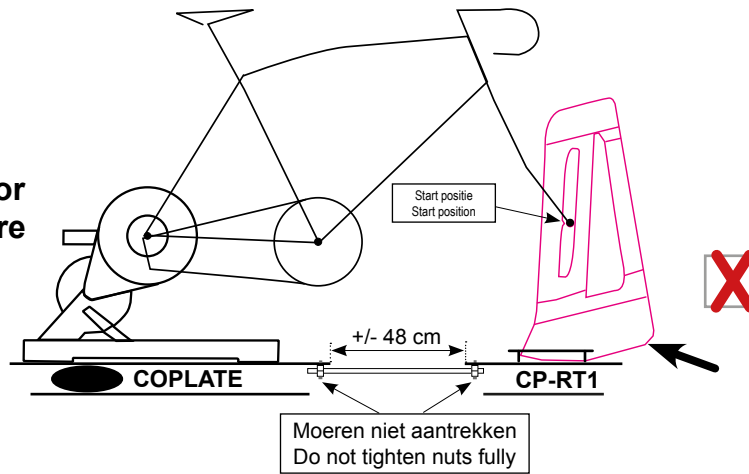

## Sequence assembly rocker table:

- 1) Mount the two supports 140036 with screws 143006-15 on the upper plate 140033-1 (upper side shows two recessed holes  $\text{\O} 16$  mm)
- 2) Mount recessed bolts 14006 together with spacer 14013, Rubber 14014, spacer 14007 and hex bolt 14017-16
- 3) Mount clamps 140022, socket screws 140655, rings 14004, metal plates 14056 and flange nuts 14027 on the upper plate 140033-1, **DO NOT** tighten fully the screws.
- 4) Put the adhesive feet 14016-3010 on the under side of the bottom plate 140032-1.
- 5) Mount clamps 140022, socket screws 140655, rings 14004, metal plates 14056 and flange nuts 14027 on the COPLATE®, **DO NOT** tighten fully the screws.
- 6) Put the tube 14044 in the clamps 140022.
- 7) Position the rocker table, see step 3 on page. 5.
- 8) Follow the steps 1 up to 4 on pag. 5 and tighten fully all the socket screws 140655.
